PROFESSIONAL SUMMARY

Motivated 2nd-year BCA student with a strong hands-on experience and passion for problem-solving, from developing interactive web interfaces to engineering complex hardware integrations. Self-taught in multiple programming languages and experienced in debugging logic for robotics projects. Eager to bring my fast learning curve, curiosity, and foundational technical skills to a DevOps internship to gain practical experience with CI/CD workflows and Linux environments.

TECHNICAL SKILLS

DevOps & Foundation : Linux (Ubuntu/Debian CLI), Git/GitHub, CI/CD pipeline concepts, Cloud Platform basics

Programming: Python, JavaScript (ES6+), HTML, CSS, MySQL

Hardware & IoT: Arduino IDE, Microcontrollers, Circuit Logic, Hardware/Software Integration

AI & Automation: Prompt Engineering, API Integration (OpenAI, Claude), AI-assisted Automation

Media & Design: Canva, UI/UX Mindset, Video/Audio Editing, Basic 2D Animation

EDUCATION

Bachelor of Computer Applications (BCA)

Expected 2027

ITM College, Dehradun, India

- **Relevant Coursework:** Computer Networks, Operating Systems, Graph Theory, Software Engineering.
- Managing academic communication and event coordination.
- Active participant in hackathons, coding projects, and tech workshops.

PROJECTS & EXPERIENCE

Automated Robotics & IoT Integration

2026

- Engineered an Arduino-based Bluetooth-controlled serving robot, integrating hardware logic with software control.
- Successfully assembled and tested high-voltage battery systems and BMS circuits.
- Programmed and debugged complex hardware components including L298 motor drivers and sensors for optimal performance.

Front-end Web Development | Personal Projects

2025

- Built interactive, personalized website UIs using HTML, CSS, JavaScript, and MySQL.

- Designed and implemented creative front-end features—such as dynamic text fading loops and responsive layouts—demonstrating a strong grasp of DOM manipulation.
- Developed customized modules for ordering and dynamic user data handling.

Google Student Ambassador

2025 – Present

Google Campus Program

- Hosted multiple AI-related workshops and hackathons, advocating for technological advancement among peers.
- Demonstrated leadership, teamwork, and an entrepreneurial vision while representing the program on campus.

INTERESTS & LANGUAGES

Languages: Fluent in English, Hindi.

Interests: Guitar & Acoustic Performance, Electronic Hobbyist, Music Production, Painting and Arts.
